Thanks to your donations and support in 2017 we have been able to provide over 190 spay and neuters this year and found loving homes for over 120 cats and kittens.

We were even able to find appropriate homes for 12 of our less adoptable - Barn Cats.

**Beginning our 19th Year
Of
Trap/Neuter/Return

Town Cats is an All-Volunteer TNR/Rescue group. We are a foster based program relying solely on people like you to lovingly open their homes and their hearts to care for the friendly cats and kittens that we find until they are adopted into a new loving home. If you would like more information about becoming a foster, please contact Chris at 610-716-3704. If you can’t adopt, maybe fostering a kitten is the right move for you!

My Beautiful Energetic Prince!

Once upon a time there was a family that did not know what a Manx cat was until one day an orange stray cat, "missing his tail", adopted our family. This was the beginning of a lifelong love affair for Manx cats. Mr. Nubbins was the best cat ever and even went for walks around the neighborhood with us. He was well loved by everyone.

A move and a few years later our neighbor's barn cat had kittens with one of them being a Manx whom we later adopted and called Zumi. A few months later "Mama cat" moved in with us too! Sadly, about a year later, Mr Nubbins crossed the Rainbow Bridge....and just this past Thanksgiving we lost our boy Zumi to cancer. Simply devastated by the losses we discussed adopting another kitten but my husband said that the only way we could adopt another cat was if it were a Manx.

Well the Manx gods smiled and while I was the Farmer's Market where Ocean City Town Cats had not 1 but 3 black Manx kittens!! There was no way my husband could say no! We adopted the oldest Male kitten and named him Livingston! We are so very thankful to Ocean City Town Cats for taking him into their care because Livingston was a very, very sick kitten and they were able to nurse him back to a healthy, spunky loving kitten.

I can not imagine my life without my sweet prince...he brings laughter to our family everyday with all of his crazy antics and my favorite thing is when he sleeps all curled up with me at night. We are truly blessed to have another Manx in our lives and we wouldn't have our sweet prince if it had not been for the caring foster families that volunteer for Ocean City Town Cats.

-Dana Montoya

Martha Wheeler's quilt is back!

This year's 45" x 55" quilt is like getting two for the price of one. Both sides are equally beautiful and will go with any décor. It is called "Hearts, Flowers and Friends". One side is carefully crafted with blocks of maroon-ish red hearts, puffy maroon or gold flowers with green foliage and the black or brown silhouettes of 8 cats all crossing tails on an off white/creme background with a blue framing. The reverse side cleverly shows playful cats and mice on a purple background with funny quotes scattered throughout.

Get Your Raffle Tickets Today!

Tickets are \$2 each or 7 tickets for \$10. The drawing will be held Thanksgiving weekend at the end of the Holiday Shopper's Fair. You can enter your ticket by returning a check for the number of desired tickets to Town Cats or donate on line at www.towncats.net/donate.

Send your tax deductible donation to:

Dana and Livingston

Low Cost Spay/Neuter Options are available.

Have you been feeding the neighborhood cats only to find that there seem to be more and more of them depending on you for their next meal?

We can help!

Town Cats has partnered with two spay neuter clinics that offer us a reduced price of **\$45** for the spay or neuter, rabies shot, distemper shot and flea treatment. If other medical issues are discovered there will be an additional fee to cover those costs.

Volunteers transport the felines to the clinic several times a month. The transport meeting location for drop off is at 7:20 AM in the Walgreens parking lot in Ocean Pines off of Cathell Road. Returning cats can be expected later that evening around 7PM. Scheduling is by appointment only. Please be patient as we are limited to the number of cats we are able to send to clinic.

Please call Chris for details!
