Sunday, November 25<sup>th</sup>

.....10:30 am - 4:30 pm

**YAY!**

Homeless Cats and Kittens Thank You!

Thanks to your donations and support

we have been able to provide over 750

spay and neuters and found loving

homes for over 500 cats and kittens.

## "Saving Homeless Kitties"

### **Do you have a business or store front?**

Town Cats is looking for public locations to place a few cash donation boxes. The monies received from the cash boxes goes directly to supporting our mission. If you know of a location for placing one of our donation boxes; please contact Nancy at 410-973-1544.

Thanks so much!

## Volunteers Desperately Needed

**2 HOURS saves lives!!**

The homeless cats and kittens at the PetSmart Adoption Center need someone to provide love and care for them as they wait for their forever home. Volunteers are asked to complete 2 hour shifts where they are responsible for cleaning cat cages, refreshing the food and water bowls, and playing with the kittens in the meet and greet room. Often times this attracts would be adopters that also want to interact with the cats and kittens and hopefully they will want to adopt a kitten or two.

**And this is how we save lives!!**

Other volunteers are needed to foster cats and kittens until space becomes available at the adoption center, transporting cats and kittens for spay/neuter clinics, events and fundraising. There is something for everyone!

## With Your Help Anything is Possible.

Remember Sailor, starving, with painfully matted fur, declawed and alone outside. It's hard to imagine that sweet Sailor was once someone's pet who was left behind as her family moved away. Sadly this same thing happens on a daily basis, forgotten by their family and ignored by those who see them as just another stray cat.

Lucky for Sailor a kind hearted person came to her rescue and called Town Cats for help. Our volunteers work everyday to rescue these abandoned and thrown away cats. Town Cats strives to reduce the homeless cat population through spay and neuter services and placing cats and kittens into loving adoptive homes. Please make your tax deductible donation today to help us help them! Join us to give the voiceless a second chance!

## Benefits of Having Barn Cats

### Cats Can Serve Your Homestead Quite Well!

- They make great friends
- A great solution for non-toxic pest/vermin control
- They make your barn a happier place
- They are low maintenance
- They get a second chance at a home
- All of our cats are spayed & neutered, tested & up to date on their shots
- We will help with the integration process

To Get Your Very Own Barncat, Contact Chris 610-716-3704

Let us match you up with the perfect kitty today!  
TownCats.net

When Town Cats rescues unsocialized or feral cats from an unsafe situation, we have to consider non-traditional adoption placement. These cats are healthy, sterilized, vaccinated, and in need of a new rural outdoor home, such as a barn, stable, garage, warehouse or vineyard. When you bring the new cats home, they will need to be confined to an escape-proof room or enclosure like a tack room, garage, coop, or XXL dog crate for 3-4 weeks while they acclimate to their new surroundings. You will feed/water and clean the litter pan daily during the confinement period. After this period of confinement, the cats will usually accept their new home and may be released. You will continue to provide daily food and water and allow them access to shelter such as your barn or garage. For more information please go to <http://towncats.net/barn-cats> and complete the on line application.

### Low Cost Spay/Neuter Options are available.

Have you been feeding the neighborhood cats only to find that there seem to be more and more of them depending on you for their next meal?

#### We can help!

Town Cats has partnered with two spay neuter clinics that offer us a reduced price of \$45 for the spay or neuter, rabies shot, distemper shot and flea treatment. If other medical issues are discovered there will be an additional fee to cover those costs. Volunteers transport the felines to the clinic several times a month. The transport meeting location for drop off is at 7:20 AM in the Walgreens parking lot in Ocean Pines off of Cathell Road.

Returning cats can be expected later that evening around 7PM.

Scheduling is by appointment only. Please be patient as we are limited to the number of cats we are able to send to clinic.

We are always looking for volunteers to help transport needy cats to clinics on Tuesday and/or Thursday mornings. Just 2 hours of your time saves lives!!

Please call Chris for details!

### Last Chance!

"Don't miss your chance to purchase raffle tickets for the 2018 Martha Wheeler Town Cat Quilt. This year's quilt entitled "Welcome, Friends" is the final quilt that Martha is crafting to help support our rescue work. Martha has worked tirelessly for 18 years fashioning each one by hand to create a beautiful, one-of-a-kind piece. This year's quilt measures about 35 inches wide by 36 inches long. It features a peaceful center scape showing three cats lounging under a bird feeder with a bird bringing a heart "peace" offering to the scene. The background includes six puffy flowers with green foliage, a watering can embellished with a heart, and even a spider web hiding under the bird feeder. All are displayed on a creamy background framed in Lilac. Surrounding this lovely scene is a frame of hearts and puffy flowers in shades of blue, light blue, and purple on a cream background enhanced by traditional quilting squares in each corner. Martha also used dark blue framing and more traditional quilting block patterns to border the edges. Martha has decided to "retire" from her work with us to spend more time with her family. Town Cats would like to express our sincerest appreciation for all of your hours volunteered and gifts throughout the years. Best wishes for many happy years to come with your grandchildren!"
